

# The Make it Remarkable Process One Sheet

Project: \_\_\_\_\_

Due Date: \_\_\_\_\_

## Ask Questions Like Picasso

How can I do this differently?  
What can I add or subtract?  
What can I combine?  
What can I reduce or maximize?  
What can I borrow from other fields?

## Do Research Like Da Vinci

What questions do I need answers to?  
What do I need more info about?  
Where can I find that information?  
Who can I ask for help?  
What have others done?

## Generate Options Like Edison

Go for a set number of options  
Refuse ordinary options  
Link and spin ideas  
Don't evaluate too soon  
Be outrageous

## Decide Like Churchill

What criteria will I use to decide?  
Which option best solves the issue?  
Which option will WOW others?  
Which options fits my abilities?  
Refuse to make the easy choice

## Implement Like Michelangelo

How will I execute this?  
Who needs to know what?  
What needs to be done by when?  
Evaluate continually  
What needs to change until I get . . .

## A Remarkable Result
